REGISTRATION FORM FOR THE PROVISION OF HOUSEWIRING SERVICES**

GUIDELINES AND GENERAL CONDITIONS OF REGISTRATION

- a). Please ensure that the information provided on the contractor registration form is complete, legible and in ink.
- b). Only the original application with original signatures will be accepted.
- c). Any alterations made to the registration should be initialed. The use of correction fluid is not permitted.
- d). All fields should be completed, where a field is found to not be applicable kindly indicate "N/A".
- e). All relevant documents must be attached to the registration form and applicants will be required to visit the Ministry of Public Utilities (MPU) with their original documents so that the photocopy submitted can be verified. The failure to do so will result in the discontinuation of the registration process.
- f). Valid identification and contact information should be provided of the person(s) authorized to conduct business on behalf of the company.
- g). Valid identification and contact information should be provided for the person(s) responsible for project implementation. This person interacts directly with the customer and executes installation.
- h). The failure of applicants to submit and/or complete the minimum requirements on the contractor registration form will result in the application not being processed.
- i). The Ministry of Public Utilities reserves the right to verify any information contained on the contractor registration form through its internal vetting process. Any discrepancies found during this process may result in the applicant being unsuccessful in the registration process.
- J). Applicants should notify the MPU immediately of any changes to their registration details as the MPU will not be held liable for the failure of an applicant to ensure that information provided through the registration process is updated in a timely manner.
- k). Registered contractors will be contacted by the MPU for the sourcing of quotations. As such, applicants should ensure that correct contact details are included on the registration form and that any changes to their contact information are immediately communicated to the MPU.
- l). The performance of contractors within the MPU's registered pool of contractors will be monitored and contractors de-registered if the required service levels are not met.
- m). The inclusion of a registered contractor within the MPU's pool of contractors does not guarantee the applicant any business opportunity from the MPU.
- n) All registered companies/ business entities should have a bank account in the company's name.
