

IWA uses a high / low Income country classification. Individuals and organisations from low income countries - those with a per capita income of less than US\$ 12,535 - benefit from discounted membership fees. Please note that the discount applies to membership fees only, and does not apply to other IWA products and services. Consult the list below to verify whether you are from a high or low income country. Rankings are based on the World Bank Atlas Method using GNI per Capita (US Dollars).
